

Teaching and Learning Center  
Wake Forest University  
**Resources That Provide Web-Based Enhancement of Traditional Class and Support E-Learning**  
**Organized By Instructional Goal**

<b>So you want to...</b>	<b>Consider using...</b>
Have a guest speaker address your class online	<b>Webex</b> <a href="https://wfu.webex.com">https://wfu.webex.com</a> allows for high quality online video and audio communication.
Hold an online class discussion in real time	<b>Webex:</b> <a href="https://wfu.webex.com">https://wfu.webex.com</a> With <b>meeting center</b> , students can collaborate on a piece of work, communicate via audio and/or video, and share access to other's computers.
Conduct an interview or meeting online	<b>Webex</b> <a href="https://wfu.webex.com">https://wfu.webex.com</a> allows you or your students to invite anyone to an audio and/or video conversation on the web.
Have an online discussion over an extended time	<b>Sakai Forums</b> <a href="https://sakai.wfu.edu/portal/">https://sakai.wfu.edu/portal/</a> allows students to engage in the discourse at a convenient time (within the established timeframe) and place. <b>VoiceThread</b> <a href="http://voicethread.com/">http://voicethread.com/</a> allows students to asynchronously comment in a threaded conversation using audio, video and text.
Have students present and comment over time using voice or video	<b>YouTube:</b> <a href="http://www.youtube.com/">http://www.youtube.com/</a> Students can record videos and embed them or post links in Sakai or on your class website.  <b>VoiceThread</b> <a href="http://voicethread.com/">http://voicethread.com/</a> allows students to narrate a PowerPoint or upload a video, while allowing classmates to comment.
Create, store and share presentations	<b>Sakai:</b> <a href="https://sakai.wfu.edu/portal/">https://sakai.wfu.edu/portal/</a> Sakai allows students to upload, share and access presentations. <b>SlideShare</b> , found at <a href="http://www.slideshare.net/">http://www.slideshare.net/</a> is an ideal place to store, share, and access interactive presentations, such as those created with PowerPoint. <b>Prezi</b> is used for those creative types. Prezi is found at <a href="http://www.prezi.com/">http://www.prezi.com/</a> <b>VoiceThread</b> <a href="http://voicethread.com/">http://voicethread.com/</a> allows students to narrate a PowerPoint, image or document, while allowing classmates to comment.
Create a website for your class or class projects	<b>Sakai</b> <a href="https://sakai.wfu.edu/portal/">https://sakai.wfu.edu/portal/</a> serves as a standard course website; with the ability to post information, upload resources, grade assignment, and host student blogs.  <b>Google Sites and WordPress</b> <a href="https://sites.google.com/a/wfu.edu">https://sites.google.com/a/wfu.edu</a> , <a href="http://wordpress.org/">http://wordpress.org/</a> , allows for the easy creation of customized websites for courses and class projects.
Have students create "mind	<b>Mindomo</b> <a href="http://www.mindomo.com/">http://www.mindomo.com/</a> provides students with the opportunity to organize their thoughts and ideas around a subject, and

maps” that define the relationship between two or more concepts	brainstorm in real-time with peers.
Have students turn in their assignments electronically	<p><b>Sakai Dropbox</b> <a href="https://sakai.wfu.edu/portal/">https://sakai.wfu.edu/portal/</a> allows students to turn in assignments without email.</p> <p><b>DropBox</b> <a href="https://www.dropbox.com/">https://www.dropbox.com/</a> provides similar features outside of Sakai.</p> <p><b>Google Docs</b> <a href="https://docs.google.com/a/wfu.edu">https://docs.google.com/a/wfu.edu</a> allows for continuous instructor access to a piece of work as it is being completed.</p>
Have students take notes collectively	<p><b>Google Docs</b> <a href="https://docs.google.com/a/wfu.edu">https://docs.google.com/a/wfu.edu</a> allows multiple students to collaborate on the same document in real time or asynchronously.</p> <p><b>Sakai Wiki</b> <a href="https://sakai.wfu.edu/portal/">https://sakai.wfu.edu/portal/</a> allows students to edit and contribute to the same document.</p>
Have students review and edit each other’s work	<p><b>Google Docs</b> <a href="https://docs.google.com/a/wfu.edu">https://docs.google.com/a/wfu.edu</a> allows students to comment, revise, and edit each other’s work online.</p> <p><b>Sakai Wiki</b> <a href="https://sakai.wfu.edu/portal/">https://sakai.wfu.edu/portal/</a> allows students to edit and contribute to the same document.</p>
Have students research and write collaboratively online	<p><b>Google Docs</b> <a href="https://docs.google.com/a/wfu.edu">https://docs.google.com/a/wfu.edu</a> allows multiple students to collaborate on the same document in real time or asynchronously.</p> <p><b>Google Sites</b> <a href="https://sites.google.com/a/wfu.edu">https://sites.google.com/a/wfu.edu</a> can be used for collaboratively creating websites, multimedia research projects, and wiki entries.</p> <p><b>Sakai Wiki</b> <a href="https://sakai.wfu.edu/portal/">https://sakai.wfu.edu/portal/</a> allows students to edit and contribute to the same document.</p>
Survey students online	<p><b>Sakai</b> <a href="https://sakai.wfu.edu/portal/">https://sakai.wfu.edu/portal/</a> can be used for basic surveys and knowledge probes of your students.</p> <p><b>Qualtrics</b> <a href="http://www.qualtrics.wfu.edu">http://www.qualtrics.wfu.edu</a> is best used for more complex surveying.</p>
Create and edit digital documents or data sets	<p><b>Microsoft Office</b> includes Word, Excel and PowerPoint</p> <p><b>Google Docs</b> <a href="https://docs.google.com/a/wfu.edu">https://docs.google.com/a/wfu.edu</a> includes cloud based word processing, spreadsheet, and presentation software.</p> <p><b>Jing</b> <a href="http://www.techsmith.com/jing.html">http://www.techsmith.com/jing.html</a> Take Screenshots: Capture an image of what you see on your computer screen. Record Screencasts: record up to 5 minutes of onscreen video.</p>
Have students share their writing with their peers and a wider audience	<p><b>Blogger:</b> <a href="http://www.blogger.com/">http://www.blogger.com/</a> Students can create individual blogs or a class blog; Integrated into Google Apps.</p> <p><b>WordPress:</b> <a href="http://wordpress.org/">http://wordpress.org/</a> An alternative software for creating blogs</p> <p><b>Sakai Blogs:</b> <a href="https://sakai.wfu.edu/portal/">https://sakai.wfu.edu/portal/</a> Create and manage blogs from your Sakai class page.</p>
